WESTERN
RESERVE
UNIVERSITY

CLEVELAND, OHIO

LUX

“For it is basic to the philosophy of the urban university that it assume and maintain a position of leadership in the affairs of the city, that it use wisely and effectively the city’s resources, and that it render positive and continuing service to the metropolitan community. An urban university worthy of the name must exist not as an intellectual oasis, but as the fountainhead of the city’s cultural and intellectual life!”

PEOPLE AND PROGRESS

Progress is the watchword of the urban university, in that the university must strive to maintain its physical plant in accordance with the metropolitan style which distinguishes it. Maintenance of present size is not enough, the urban university is expected to grow with the city, and provide the necessary facilities of higher learning.

Thus within the last few years we have seen the University Circle Foundation unroll the plans which will accomplish this expansion. We shall become the most urban of universities, offering the cultural advantages few can boast, and preparing students most completely for the prevalent cosmopolitan way of life.

Most assuredly physical expansion is not progress enough. Undoubtedly it will carry with it advancement in curriculum, study, and methods of teaching. This will be the task of the people connected with the modern urban university. To keep pace will involve change; fortunately university officials have already indicated their foresight along these lines. With the improvement and physical advancement will come academic progress . . . we shall grow not only in body but in mind.

President John S. Millis, Dean C. H. Cramer, and the undergraduate members of Omicron Delta Kappa viewing progress of the new science center.

CAMPUS LIFE

“A little learning is a dangerous thing,
Drink deep or taste not the Pierian Spring,
There shallow draughts intoxicate the brain,
And drinking largely sobers us again.”

Pope, *Essay on Criticism*

“Whence is thy learning? Hath thy toil
O’er books consumed the midnight oil?”

Gay, Fables

"He, above the rest
In shape and gesture proudly eminent,
Stood like a tower."

Milton, *Paradise Lost*

"But where's the man who counsel can bestow,
Still pleased to teach, and yet not proud to know."

Pope, *Essay on Criticism*

"My name is Ozymandias, king of kings
Look on my works, ye mighty, and despair!"

Shelley, *Ozymandias*

“Conspiracies no sooner should be formed
Than executed.”

Addison, *Cato*

"Our toe-beams twisted, and did
Our

hread
oes upon one double string."

Donne and McFarland, *The Extasie*

"I am not now in fortune's power:
He that is down, can fall no lower."

Butler, *Hudibras*

"The things, we know, are neither rich nor rare,
But wonder how the devil they got there."

Pope, Epistle to Arbuthnot

“Music has charms to soothe the savage breast,
To soften rocks, or bend the knotted oak;
I’ve read that things inanimate have mov’d,
And, as with living souls, have been inform’d,
By magic numbers and persuasive sound.”

Congreve, *Mourning Bride*

"Come and trip it as you go
On the light fantastic toe."

Milton, *L'Allegro*

“On fire that glows
with heat intense
I turn the hose
of common sense”

Gilbert, *Iolanthe*

“Good night! Good night! Parting is such sweet sorrow,
That I shall say good night, till it be morrow.”

Shakespeare, *Romeo and Juliet*

FACULTY

JOHN SCHOFF MILLIS

PRESIDENT OF WESTERN RESERVE UNIVERSITY

Dr. Millis at the site of
the new science center

To the Students of Western Reserve University:

I wish to express my thanks to the Editor and the Staff of Lux for their work in producing the record of the year 1960-61 at Western Reserve University which appears on the following pages. Many hours of effort have gone into the preparation and production of the book.

It is my hope that as the book is read now, and again and again in the future, it will remind each reader of the events and the personalities of the one hundred thirty-fifth year of the University. May it recall to your mind pleasant memories, good friends, and your pride in Alma Mater.

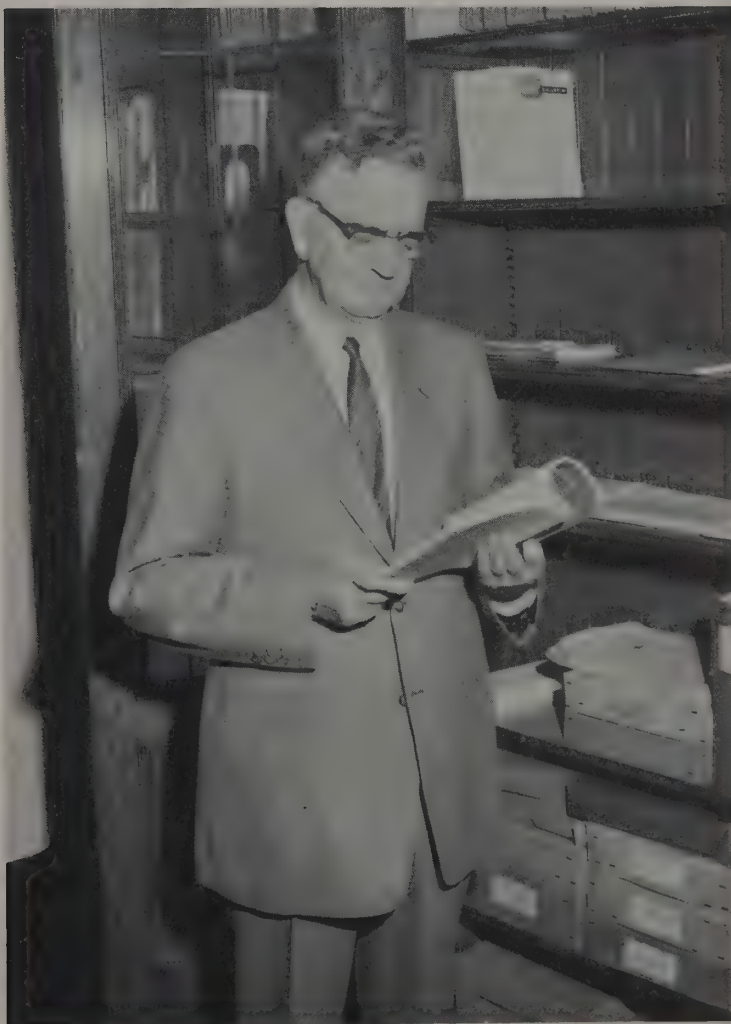

John S. Millis, President
Western Reserve University

Vice-President Webster G. Simon will retire from Western Reserve University at the end of the present school year. Dean Simon became vice-president in 1940 and has been dean of the faculty of Arts and Sciences since 1936.

As he leaves the campus this year, he moves from the Adelbert Main Building office which he has occupied for over forty years, first as a member of the Mathematics Department and then as administrator. He joined the faculty as instructor in mathematics in 1918 and was promoted to professor in 1926. Dean Simon taught mathematics from 1918 to 1950 and then again in the 1955-1956 school year.

THROUGH THE YEAR

Adelbert Parents
Reception

College at last! We arrived with suitcases filled with hopes, aspirations, and maybe even some apprehensions. Orientation for all the freshmen includes Dr. Millis' annual reception for us and our parents. Later in the week were the picnics at the "Pink Pig" where we had the best chance to meet and make friends with the other 200 frosh in our respective classes. Soon Matherites were sporting yellow beanies while Adelbert men were trying to secure those same beanies for their "trophy cases." For the men orientation is synonymous with rush and before long the familiar pledge pins appear. But the fun had to end and classes began — the real enjoyment of college life commenced.

FRESHMAN WEEK

"Pay attention now — the next step is . . ."

So boring — Wish
there were
men here

Getting indoctrinated
in student activities

REGISTRATION

That great hodge podge of cards to sign, names to print, and worst of all checks to write.

Let's see, first I go to station one and check in — I haven't really started yet and I'm confused — I've got to pick up cards for every course — Do I have to wait in this line for English composition — Finally! Now do I have to print my name — Whoops, last name first, remember?! — To what address do I want my grades sent — Grades sent, I haven't attended one class yet! — Now h'mmmmm — Pay to the order of Western Reserve University . . . I'm sure that's a mistake, it must be too much. At last — Finished — And how!

START

FINISH

Presidential candidate Kennedy explains the Democratic stand on the issues of today — domestic and foreign problems.

JOHN F. KENNEDY

The gravity of the 1960 National Presidential Elections was heavily felt on campus, as for many it was the first election in which students took an active part. This was noted by the abundance of campaign ribbons, hats, buttons, banners and other paraphernalia — heated political discussions took place in the Student Union, at fraternity houses, in the dorms, on the quad and in the streets.

University Circle student body turns out to greet Kennedy.

Anticipation and anxiety hidden by the somber faces of the students waiting to see their next President of the United States.

ELECTION

HENRY C. LODGE

The usual tradition of Western Reserve University was evident in the enthusiasm displayed at the presence of Democratic Presidential Candidate, Senator John F. Kennedy, and Republican Vice-Presidential Candidate Henry Cabot Lodge.

Books were discarded as an atmosphere of tension and anxiety prevailed on campus as students, 'glued' to TV sets and radios, closely followed the election returns. Those who had the fortitude to wait until the wee hours of the morning received the news firsthand of the election of John F. Kennedy as President of the United States.

Lodge explains the Republican Party platform in reference to foreign policy.

Another staunch Republican candidate who received the unanimous approval of the student body in entirety.

Candidate Lodge greeted by student body.

Stunt Night, the busiest time of the year on the Mather campus! Since 1914 when the idea was for a Mather swimming pool until 1960 when there's still no swimming pool and the idea is pure fun, Stunt Night has grown. Much work and long hours lie behind the glamour of performance night. In October directors and lit. committees are chosen, business managers too begin their work. After Thanksgiving the rehearsals begin and sets are built. Meanwhile professors still give tests and the midnight oil burns on and on. Finally the night of the stunts . . . Three cheers for the winning juniors . . . The dance . . . The champagne circle — We'll let the following pages tell the story of

"Precision"

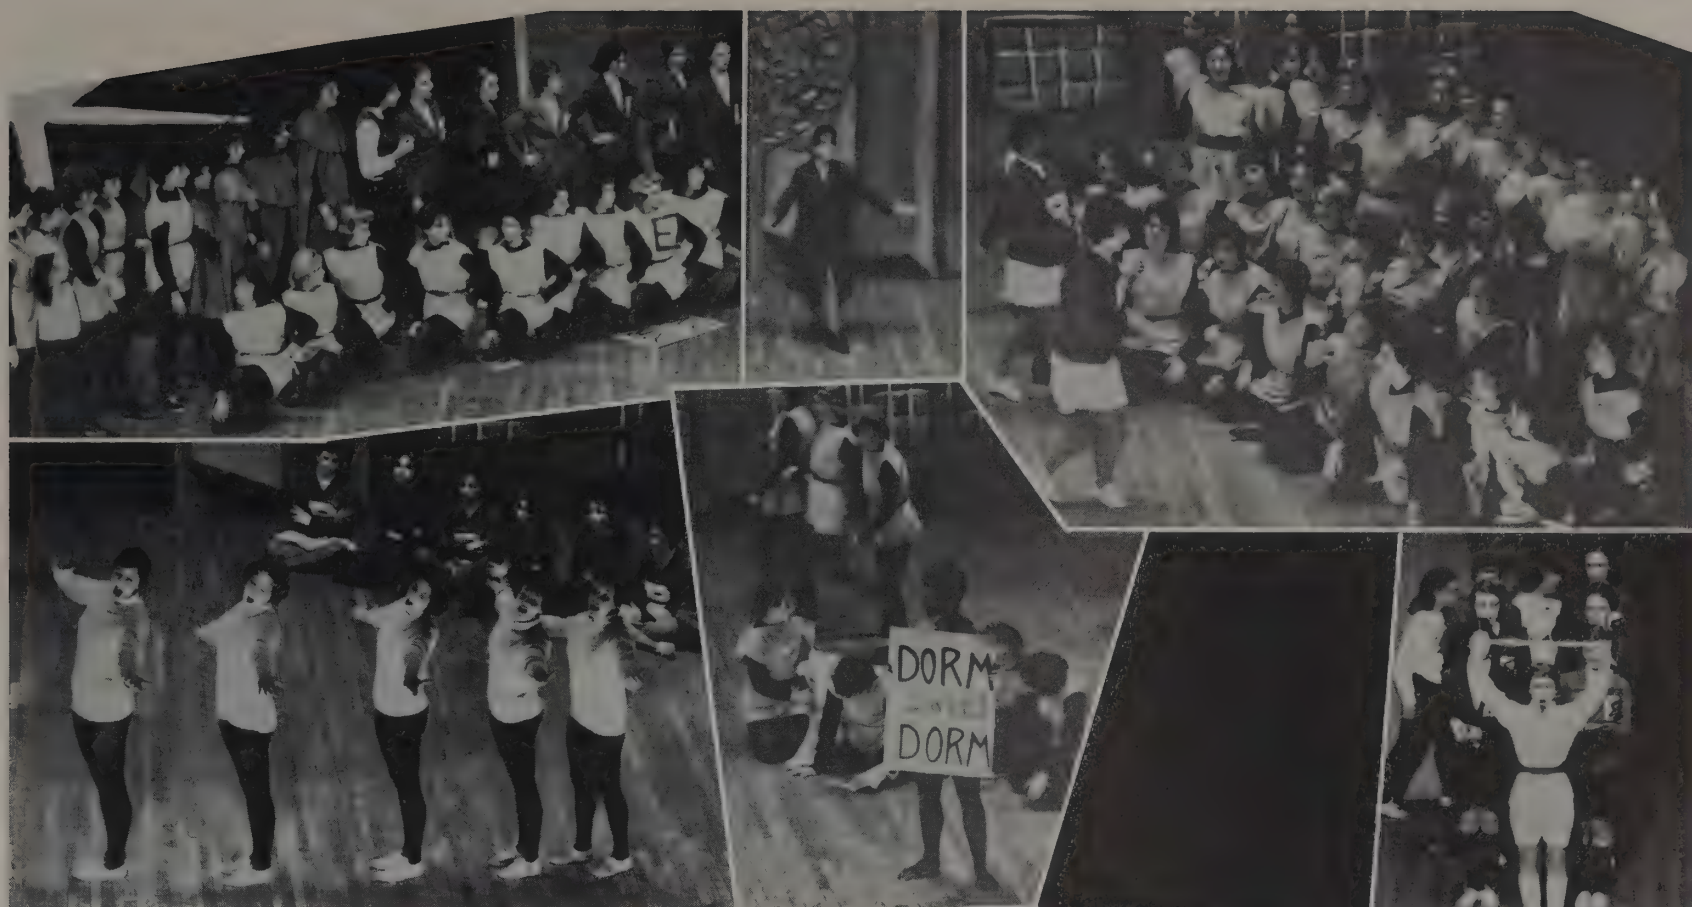

STUNT NIGHT 1960

"Creativity"

"Decision"

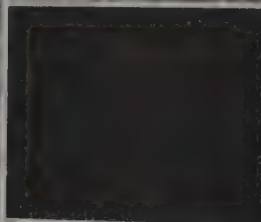

FRESHMAN STUNT

The freshmen declared their independence in their 1960 Stunt Night performance. The incoming freshman class was victimized by an adevil man who told the eager newcomers that to be successful in college you must be either a perfectionist or a radical. The audience viewed two contrasting interpretations of dorm life, class periods, and athletic activities along with the perfectionists and radicals, but then the plan of the adevil man failed. The two groups realized that the best way for achieving happiness in college life was to be independent and to be themselves.

The freshman stunt, led by Marjorie Bruml, was written by Diane Howell, Carol Zeitz, and Terry Matusak.

SOPHOMORE STUNT

Twelve pretty hillbillies, giddy with excitement, arrive 'at A&P University in the big city with their mothers' warning about college men fresh in their ears. Despite the Athletic A men's cordial welcome, the girls are snowed by the crafty chasemen's pseudo scientific jargon. Desolate, the A men call 00-38-24-36 by mistake (the Lake Cheerie home for girls), and are promptly consoled by the home's inmates. Having been disillusioned by the chase-men's ulterior motives — food — the hillbillies decide to win back the A men with the help of the Faga Feed Service. The cooks' nasty chant eliminates their rivals, the not so naive hillbillies win their men, and the cooks pair up with the hungry chasemen.

The sophomore stunt, led by Alorie Boyle, was written by Martha Wolfram, Marion Malkin, and Jill Pretzfield.

JUNIOR STUNT

The junior stunt, directed by Paula Kaiser and written by Lynne Darcy, Sue Heiser, and Jean Lorrah, presented the problems of an unchaperoned fraternity. "The men of Gotta Data Dame Fraternity were raided by the deans of Western Subversive and had to hire housemothers. Because the nagging became impossible, the men fired the housemothers and tried a stag party. But they found that "stag parties cannot replace coed rendezvous." Next they hired models to chaperone but they proved unsatisfactory to the deans who then put the Mater girls on housemother duty and the parties resumed, actually unchaperoned but with the deans' permission.

SENIOR STUNT

Her senior yearbook has finally arrived, as Granny, Class of '61, turns its pages, she is taken back in memory to her four wonderful years at Whatsit Matter College.

The senior class stunt written by Ruth Himes, Madeline Raives, and Faith Spehr and directed by Mardi Bremson traces the class of '61 from its gay and giddy freshman days to the ultra-sophisticated senior year. Anxious as they are to get out of school and "set the world on its ear," when they are suddenly presented with their diplomas, the seniors realize that they aren't quite ready to leave, petitioning the deans for "just one more year." The dilemma is solved in the finale, when Granny joins the chorus to sing "It's been great, it's been grand, but we'll graduate just as we planned . . . and nothing's gonna stop us, come what may, for the future is rising before us and we're on our way."

FIRE RAZES WR

Firemen fight Larnda Chi Alpha fraternity house fire in below

U FRAT HOUSE

Four Escape Lightly Clad in Zero Cold

Four lightly clad residents leaped to safety when a spectacular fire swept the Lambda Chi Alpha fraternity house on the Western Reserve University campus at 8:45 a. m. today.

Some hoses handled by the 60 firemen who battled the blaze froze in the numbing cold and were useless. Tongues of flame shot from a dozen windows of the old building, casting an eerie glow across piles of snow in the street.

Assistant Fire Chief Frank Cooney estimated the damage at about \$35,000.

In all probability, loss of life and serious injuries were averted only because most residents of the "fraternity row" house at 11217 Bellflower Rd. had gone home for the holidays.

Two Unaccounted For

Firemen searched the ruins for possible traces of two residents who were not accounted for. It was believed that the pair—both members of the fraternity, but not Western Reserve students—had gone to visit their families in the Youngstown area.

Cooney said the fire apparently was caused by embers from a first-floor fireplace igniting a nearby Christmas tree.

The crackle of flames smashing windows awakened Terry Clapp, 23, of Rochester, N. Y., and Russell Seel, 22, of 2083 Edgewood Rd., Pepper Pike. They were sleeping in a room immediately

Fall 15 Feet

Opening the door, they found their escape down the stairs barred by smoke and flames. They jumped out a side window, falling 15 feet into ice and snow-covered bushes. Clapp was scratched by the bush that broke his fall, and was treated at University Hospitals.

In another bedroom on the second floor, Donald Murdoch, 20, of Cambridge, N. Y., a junior, was aroused by the roar of the flames.

"I thought it sounded like a party," he said, "and was going to sleep, when I suddenly realized the place was on fire."

Murdoch threw two textbooks out a window—both German books—pulled on his trousers and climbed out a fire escape to rush to safety in the frigid atmosphere.

FOOTBALL CHAMPIONS

COACHES

Polansky hands off to Jones on a sweep.

The 1960 Western Reserve Football Team won the President's Athletic Conference Football championship with a brilliant 6-0 record. Although losing its only non-conference game to a powerful Buffalo team, the 6-1 season record was the best at Western Reserve since 1941.

Although Coach Eddie Finnegan and his staff started the season with a young and inexperienced team, it quickly jelled, led by Captain Mickey McCallum, Fullback Timmy Johnson, and Quarterback Al Polansky. The team surprised everyone in its first game by running wild against Washington and Jefferson 50-12. Polansky threw three touchdown passes to Al Iosue, and Tailback Jimmy Jones ran for two touchdowns and threw for another.

Timmy fights for extra yardage.

Johnson clears the way for McCallum

Against Bethany, the Redcats proved their first victory was no fluke. After being held to a 16-16 deadlock at half-time, Reserve pulled away to a 34-16 win. Quarterback Polansky passed to Iosue for two touchdowns and Timmy Johnson scored two six pointers on short plunges. The defensive team led by End Dick Pracko and Tackle Jay Schnackle found itself in the second half and held the Bisons scoreless.

Allegheny was one of the teams to beat in the PAC this year, but the Redcats crushed the Gators in the third game of the season 34-8. Johnson and Jones both scored two touchdowns, and Captain McCallum tallied on a long pass from Polansky. The defensive team held Allegheny to one touchdown as the Redcats took undisputed possession of first place in the league.

Iosue snares one in the endzone.

Mickey breaks away from pursuers.

Homecoming found Reserve taking on a Buffalo team which had played teams the likes of Army and Colgate, and the resulting 44-0 defeat was to be expected. After blocking a Jones' punt in the first two minutes of the game, Buffalo scored on the first play, and Reserve was never in contention. This game marked the end of the current series with Buffalo with Reserve ahead 5-3 in wins.

Returning to PAC competition, the Redcats conquered a tough Wayne State team 28-18. Reserve broke into the scoring column even before the clock began running when Dick Pracko recovered the opening kickoff in the Wayne endzone. After a short punt by the Tartars, Johnson scored Reserve's second touchdown with only five minutes gone in the game. Timmy also scored two other six pointers to give him 62 points for the season breaking Reserve's Al Bohning's old PAC point record of 44.

Johnson scores as tacklers belatedly move in.

Timmy breaks PAC scoring record against Wayne State.

In the game of the year, Reserve played John Carroll in the hail and mud of Hosford Field. By defeating Carroll 20-12, the Redcats captured the PAC Championship for the second time in three years. Captain McCallum was the whole story for Reserve, scoring two touchdowns on long runs. Early in the game, Mickey took a kickoff in his own endzone and ran 102 yards for a touchdown. The run was the longest kickoff return in PAC history. After Polansky threw a touchdown pass to Jones, McCallum sewed up the game with a 58-yard run from scrimmage for the final score.

Porter takes one away from defenders for a score.

Jones sees daylight against Wayne.

Winding up the season against their traditional rivals, Case Tech, the Redcats performed as true champions, shutting out the Rough Riders 30-0. Johnson wrapped up the PAC rushing and total offense championships by gaining 62 yards. His 559 total yards gained was all by rushing. Timmy also scored one touchdown and two PAT's to give him a record of 72 points for the year. The defense also performed superbly including a goal line stand when Case was stopped four times from the two-yard line.

Five Redcats made the all-PAC football team. On offense were Captain McCallum and Johnson in the backfield, and Iosue and Schnackle on the line, and on defense was halfback Jones. In addition to the other records set this year, Quarterback Polansky threw nine touchdown passes, breaking the old conference mark of six.

Taylor breaks into open after intercepting a Case pass.

A black and white fashion advertisement. On the left, a woman is depicted in profile, facing right. She wears a dark, ribbed turban and a long-sleeved, knitted dress with a diagonal plaid pattern. Her hands are on her hips. The background is a soft, painterly wash of light and dark tones. On the right side, there is a block of text in a serif font, followed by the brand name 'Dalton' in a large, elegant script, and then 'knitted plaid dress' in a smaller serif font.

there's that
woman again...
this time in a

BUNCE BROTHERS SUITS ARE ECONOMICAL

Regardless of how limited or how extensive your wardrobe may be, a man cannot be well dressed at all times if his are not consistent in style and quality. If you buy your clothes from us, your problem is easily solved. We feature only one conservative style, the same style you would have bought in 1948 and the same one you'll be able to buy here in 1968. So, your Bunce Brothers suits are always in style. Our suits are hand-tailored from the finest materials the market affords, hence you can always be sure of their quality. The combination of quality and conservative styling is a very practical form of economy.

Ready for wearing, our suits start at \$75.00.

Dedicated to help place Western Reserve students, alumni, and staff — we maintain up-to-date personnel records of registered students and alumni which are available to prospective employers upon request. Part-time jobs are available to students. Full-time career jobs are available to degree candidates. Schedule an interview with us.

JOHN C. BRAYTON, Director

The Nation's Top 100

Industrial Corporations All Use Harshaw Chemicals

For each of 50 different industries, including the nation's top 100 industrial corporations, Harshaw produces a variety of important chemicals. For instance, the Petroleum Industry regularly purchases catalysts, metallic soaps, salts and crystals. The Automobile industry buys electroplating chemicals and anodes, catalysts, fluorides, pigments and metallic soaps. The Chemical Industry uses products from six of our ten industrial divisions.

Harshaw produces over 1000 different chemicals for more than 15,000 customers throughout the World. Probably we have a chemical you can use. If you have something specific in mind ask us. At your request we'll forward a catalog listing our major products and describing our company.

To Increase The Resources and Advance The Interests
Of Flora Stone Mather College

To Render Aid To Worthy Students Enrolled In The
College

To Further The Educational Interests Of The Alumnae
Of The College

THE PURPOSE OF
THE ALUMNAE ASSOCIATION
of
FLORA STONE MATHER COLLEGE
of
WESTERN RESERVE UNIVERSITY

The need for brotherhood becomes more evident as one grows in both mind and body.

No more vivid example of comradeship can be shown than through our undergraduate fraternal organizations.

It is to them we turn for making our college an integral part of our future communal life.

The staff of the 1961 Lux has worked long and hard to produce this yearbook. My sincere thanks go to all of them, especially Mike Ostergard, Mike Feinstein and Marlene Brings.

I would particularly like to thank Matt McCormick of the Taylor Publishing Co. for his invaluable help and guidance. Thanks are also due to Frank Dugan and Bill Rowh of the May Company, the official photographers. Finally, the advice and patience of Dean Griffin, Dean Walker and Dean Brown was greatly appreciated.

It is hoped by the staff that these pages will provide lasting memories of the year 1960-61 at Western Reserve, a year in which progress has been the driving force as the university and its people move ahead.

REX HYRE
